

Kilroy – Public Outreach Meeting # 13

Time: 4:30 PM Thursday, March 21, 2019

Location: 384 Oyster Point Blvd., Suite 1

Meeting Minutes

1. Traffic Control
 - a. One resident was concerned about conflicts with truckers coming to the project site.
 - i. Teichert will ensure proper traffic control.
 - b. Another resident mentioned that Teichert trucks have been parking within the handicap stalls and tracking mud.
 - i. Teichert will ensure that the handicap stalls remain open and street sweeper will maintain.
2. Health Concerns
 - a. One resident brought up a concern about health problems relating to the Construction project. He was reassured that all regulatory requirements are being met and there is no threat to health.
3. Tidal Events
 - a. The Harbor District mentioned that there was a high tide last weekend 3/10/19 in which Teichert was unaware of.
 - i. Teichert will reach out to the Harbor District for accurate tide tables. There is a possibility that the rain has been impacting these tidal events.
4. Dust Concerns
 - a. A few residents expressed their opinion about dust leaving the site and sticking to cars and boats.
